2.4 Important Features that could be useful

- **city**: Location can be a major aspect of how restaurants and their properties can change
- **rating**: Could be a major factor in deciding the quality of the restaurant
- **rating_count**: Could be a major factor in deciding the authenticity of the ratings
- **cost**: Important feature for deciding how to price the restaurants
- **cuisine**: Could be a major factor in categorizing the restaurants based on trends and type of food

```
